

# CITY OF GENESEE NEWSLETTER

## OCTOBER 2021

Please go to the ***CITYOFGENESEE.COM*** for the latest updates and more!

**Water Update:** Thank you so much for your patience this past summer with our water issue. Because of your efforts, the aquifers we get our water from, continue to hold strong as we move into the lower use season.

**New Well Update:** Your Council made the decision, recently, to use the information we acquired this summer and hired Dig Well Idaho to drill us a Well that will pull water from the deeper Grande Ronde aquifer. The drillers are expected to be on site the first half of November to start the process of drilling 800 feet down. Mountain Waterworks, our engineering firm, will at the same time, be working on designing the pump house and all that goes in it to get this new water into our system for you to use by next summer.

**WATER/SEWER UPDATE WORKSHOPS, 2nd Tuesday of every month 6pm Fire Station**

**JACKSON STREET:** Will be resurfaced, with storm drains. Construction will last through the middle of October. Please use Birch or Beech to Ash St.

**FALL CLEANING! Bulky Waste Site, Morscheck Rd OCTOBER 9th/23th**

Household waste includes; all rubber/plastic items, insulation, Styrofoam, garden hoses, empty or dried up paint cans (no liquid), tents, tarps, canvas, small household appliances (dishwasher, microwaves, vacuums), railroad ties, fiberglass, hot tubs, upholstered furniture, box springs, mattresses and contaminated waste. **NO ELECTRONICS will be accepted.**

### DID YOU KNOW?
