Hayden & Ross FY22 Audit ARPA Questions/Clarity: (Discussion Item)

Tony gave a little history of the ARPA funds. The City received \$103,784 x 2; a total of 207,568. That money had specific requirements for their use. There is additional ARPA funds that can be used on the City's infrastructure; Public Health, Premium Pay, Revenue Loss, Water/Sewer/Broadband. The rules keep being added on what the funds can be used for. Tony said every year there will be an annual reporting requirement in April. Council decided to appropriate the funds; giving approx. \$15K to Parks and approx. \$192K to streets. These funds will be discussed further during our budget workshop this summer. The City, initially discussed using the funds for our Wastewater project and then for the purchase of the new one ton pickup, plus the sander and other accessories, but none have been spent. Tony said the funds need to be committed by December, 2024. If we take the standard allowance, we can still use the funds for a wastewater project. Tony will leave the meeting tonight with the understanding the City has not used ARPA funds for FY22. Tony would recommend council make a motion to select the standard allowance for the ARPA funds, at an upcoming meeting.

CITY OFFICIAL, COUNCIL AND STAFF REPORTS

Mayor Update: Great news on the water and the amount of water we're getting. Upcoming Caselle training in Provo UT, free of charge in February. Mayor Hermann believes we need to make this happen and possibly even send Dustin. Jesse and the Mayor met with the Senior Citizen group. They have a grant writer working on a plan to update the senior center. The City would need to approve their plans and at no cost to the City. The City still owns the building, and their grant would have to confirm this.

Bill Krick – Water and Sewer Update: The Company was onsite Tuesday night getting the pumps set up. Friday and Saturday Bill got word, the Well was consistently pumping 400 gpm, but did get up to 700 gpm, for a short time. Bill described the recovery time and it was all good news on the City's new Well. Ryan Rehder, from Mountain Waterworks, will give a complete update at our next Water update, February 14th. Water samples will go to Anatek for analysis; some can take up to a month for the results.

Cody Bailey – Street Update: No update

Nyla Roach – Parks Update: Mr. Brummer plans to move his camper, from the City's RV Park, this weekend.
